**IMPROVEMENTS TO ROUTE 125 IN EPPING TO GET UNDERWAY**  
***WIDENING AND TRAFFIC SIGNAL AT MAIN STREET INTERSECTION***

The New Hampshire Department of Transportation announces construction work is scheduled to get underway the week of April 28, 2003 on road improvements to a section of NH Route 125 in Epping.

This project involves adding one lane in each direction to a section of NH Route 125 between the Route 101 interchange north to Railroad Avenue (less than a mile). Turning lanes and a traffic signal will also be added at the intersection of Route 125 and Main Street.

Traffic shifts and occasional lane restrictions will be necessary in order to complete the project. Uniformed officer and flaggers will be used to assist traffic through the work zone. Some delays can be expected.

SUR Construction, of Rochester, New Hampshire is the prime contractor for the project, which is scheduled to be completed in September 2003.
